

AI AGENTS & ASSISTANTS – LIVE, IN THE BROWSER

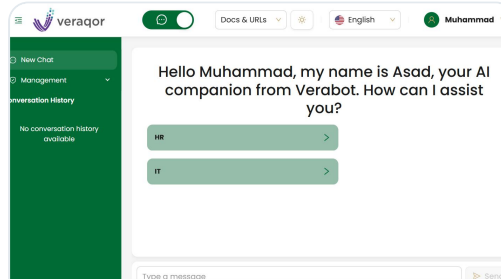

Digital Colleague

A named AI team member, trained on a role and its data. Manager-led, human-in-the-loop, escalates to a real person. Our flagship offer, and we run it ourselves.

Azure AI Foundry

Responsible AI

digitalcolleague.veraqor.io

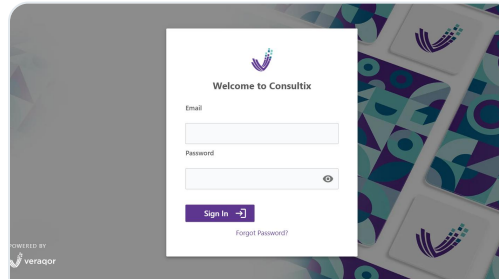

VeraBot

Enterprise AI assistant grounded in company docs and URLs. Answers HR and IT questions, multilingual, with conversation history and admin controls.

GenAI / RAG

Azure OpenAI

demo-verabot.azurewebsites.net

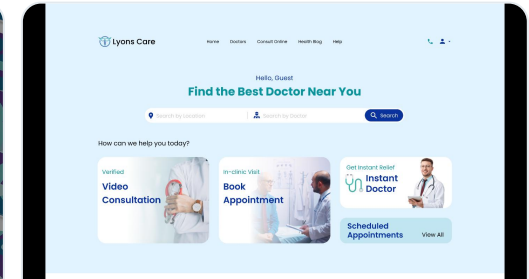

Consultix (VQ Phoenix)

A full-stack consulting operations platform built end to end by Veraqor. Secure sign-in, cloud-hosted, our own product IP and delivery muscle on display.

App Innovation

Azure DevOps

DELIVERED ANALYTICS & ENGINEERING IP

Power BI · live customer data

Oil & Gas Operations Intelligence

Asset management, field risk management and real-time operations in one Power BI estate. Turns rig and field data into decisions leaders can act on the same day.

Power BI

Oil & Gas · Offshore Drilling

Morning Report Intelligence

Turns an offshore drilling operator's daily rig reports into one view of fleet performance. Tracks flat time and lost time against the operator's KPI targets, auto-flags discrepancies, and benchmarks the fleet, so lost time gets caught and cut, and every rig is held to the same standard.
